Genesis Yachts...  
*the premier choice in yacht fitting-out and refits!*

# OUR EUROPEAN DIVISION - CANTIERE VIAREGGIO

VIAREGGIO, ITALY

Whether you need to fit-out a new luxury yacht interior or refit your existing yacht, Genesis is the ultimate solution for all your manufacturing and installation needs, both, in United States and Europe.

Our European division, Cantiere Viareggio, conveniently located in the yacht-building port of Viareggio, Italy, offers full-service yacht interior manufacturing and a large staff ready to service your every need.

Cantiere Viareggio is a historic shipyard founded in the 1960s when the yachts’ hulls were still made of wooden boards and copper nails.

Today, with over 50 years of experience as a luxury interior manufacturer, Cantiere Viareggio still offers luxury furnishings for fitting-out and refits, collaborating with the greatest shipyards of the world, and utilizing the most advanced methods, materials and machinery.

## YACHT FITTING OUT

Our company services a worldwide clientele that benefits from what we do best: new boat fitting-out, Italian interiors and professional refits.

Genesis President Roberto Lottini brings more than three decades of experience that cover all the phases of the yacht-building process, as well as the manufacture and installation of luxury interiors.

At Genesis we have pioneered a new concept of building yachts. With the same focus and energy, we guide our clients from the very first phases of the shop drawings to the selection of linens, china, and crystals at the end of the project.

At Genesis we employ teams of skilled Italian craftsman and professional managers. Our work typically includes custom cabinetry, marble, upholstery, soft goods and much more.

## REFITTING

With over 25 years of experience in the yachting industry in both of our locations in Fort Lauderdale, Florida, and Viareggio, Italy, we focus on blending European design with American technology.

At Genesis we encourage our clients' thoughts and ideas, from choosing the exact fixtures, décor and materials to be used.

All of this and competitive pricing is what makes us the number one choice in yacht manufacturing.

# INTERIORS

Over the years Genesis has worked on some of the most exclusive yacht interior projects, always delivering the highest quality in a timely manner and respecting all contractual budgets.

We offer our clientele all interior design specifications, swatches, materials and color samples. Our focus is to create an awe-inspiring interior

environment that reflects our client’s desires and extraordinary taste.

Our team of skilled artisans produces results that are truly one-of-a-kind creations.

From classic to the imaginative, our Italian expertise is number one in its class.
